SNACKS

Snacks Platter (5, 6) **149,-**
Olives, nut mix & moose jerky

*FUN FACT...

Several of our most popular dishes are made with ingredients from the surrounding mountains. Our own hunters source moose and reindeer from the area around Pellestova, which we then process in our own game butchery.

We take great pride in serving truly local food — often “non-traveled,” always handmade, and full of flavor from the mountains!
